BEYOND FLOORING

“

We offer top-quality products, impeccable service, innovative, sustainable production and a proven track record... But most of all, we love helping to achieve your goals.”

About IVC

IVC is the commercial division of IVC Group, dedicated to creating unique floors for corporate & office, retail, hospitality & leisure, housing, education and healthcare projects. Founded in 1997, IVC Group is Europe's leading manufacturer of Carpet Tiles, Luxury Vinyl Tiles (LVT) and Heterogeneous Vinyl. With 1,600 employees and 10 production units in Belgium, Luxembourg, the United States and Russia, IVC Group produces over 180 million m² of flooring per year.

As of 2015, IVC Group is part of Mohawk Industries Inc, the world's market leader in all things flooring, with a heritage of craftsmanship that spans more than 130 years. This broadens IVC's global reach – bringing us closer to you, wherever you go.

Our promise to you: we go beyond flooring

Making promises is admirable, but keeping them is how we really make a difference. That's why our ambitions are built on five strong pillars.

01.

We're in control from start to finish, from inspiration to installation.

Our dedicated, professional, multidisciplinary team is at your service. Design, production, delivery, planning... Everything you need under one roof – it doesn't get more convenient than that.

02.

We look beyond the ordinary to create the perfect solution for your project.

We always consider the materials we use, performance, design, acoustics, comfort, installation and recycling; while keeping your wishes in mind. After all, innovation revolves around you.

03.

We offer versatile product solutions for all your projects.

Whether you want to design inspiring office spaces, bohemian hotel rooms, a daycare centre, practical educational facilities or any other space you're passionate about; we have a solution to fit your needs.

04.

We have a proven track record in a wide range of sectors.

We know the specific needs of restaurants, healthcare facilities, shops, offices, schools and multi-occupancy housing, and ensure our unique advantages meet the specific needs of each environment.

05.

In everything we do, we keep the planet in mind.

We take the time to pause and reflect on the impacts of our entire strategy and operations. Our eco-friendly production sites, recycling efforts, windmills and solar panels are just a few of the ways we pave the way for a better tomorrow.

LUXURY VINYL TILES

HIGH TEMPERATURE ADHESIVE

Bonding LVT Design floors to a subfloor in a space subject to thermal fluctuation? Use our high temperature adhesive. This solvent-free, low-emission fibre-filled adhesive guarantees perfect dimensional stability. Ideal for spaces with a lot of direct sunlight or places subject to excessive heat. Use on sound and dry subfloors.

PRESSURE SENSITIVE ADHESIVE

Securing your LVT Design floor coverings onto your subfloors? Our solvent-free adhesive will tackle the task. A qualitative adhesive for bonding LVT Design floor coverings onto sound and suitably dry subfloors.

FLEXLOK

Installing loose-lay LVT without adhesives? Flexlok will do the trick. These adhesive tabs can be installed on any sound substrate (access flooring, timber, existing, vinyl and ceramic).

FLEX PRO UNDERLAY

Specifically designed for the floating installation under LVT design floor, Xtrafloor® Flex Pro offers a comprehensive solution to install Dryback without the need of adhesives.

LUXURY VINYL TILES

STANDARD SKIRTING

Our standard skirting boards fit every interior. Seamlessly connecting floor and wall, its unique patented technology offers an identical connection between your LVT design floor and skirting in design, colour and texture.

PAINTABLE STANDARD SKIRTING

Match your skirting boards with the colour of your wall for the perfect blend. With Xtrafloor®, styling your skirting boards has never been this easy. Our standard paintable skirting comes in 6-cm height and boasts numerous advantages.

PROFILES

Looking to bridge the gap between 2 floors? Want to put the finishing touch between your floor and the wall? Or maybe you want to install vinyl on your stairs? Whatever you need, we've got you covered!

PAINTABLE RENOVATION SKIRTING

Securing your LVT Design floor coverings onto your subfloors? Our solvent-free adhesive will tackle the task. A qualitative adhesive for bonding LVT Design floor coverings onto sound and suitably dry subfloors.

FEATURE STRIPS

Create a natural grouting or strong visual effect with Xtrafloor® feature strips. Individually coloured to complement our range of flooring, the strips can be used to further personalise your LVT Dryback flooring.

JOINT SEALANT

Fill small joints or create a natural grouting with our joint sealant. Specifically developed for LVT design floors, this joint sealing compound protects your LVT design floor from dirt and moisture. Available in different colours.

Heterogeneous Vinyl

Accessories

HETEROGENEOUS VINYL

HOT WELDING

Fuse your heterogeneous vinyl into a harmonious whole with colour-matched welding, for a flooring solution that is both strong and beautiful.

COLD WELDING

Invisiweld technology creates the ability to achieve an almost imperceptible join. Fast, clean and easy to use. Invisiweld is economical and is leaving a seamless, strong and watertight join. Invisiweld is the cuter and better looking way to install.

LOOSELAY TAPE

With this specialized tape, your loose lay vinyl floor is guaranteed to stand its ground, while remaining easy to remove and replace.

VELCRO TAPE

Want your vinyl floors with textile backing to stick around? Use this specially engineered Velcro tape.
